CLINICAL RESULTS

 COCOON
MEDICAL

LOCALIZED FAT REDUCTION

The applicator draws out the tissue into the handle by creating a vacuum effect that temporarily reduces blood flow and facilitates the application of cryotherapy. After this treatment the natural process of fat elimination occurs, reducing unwanted fat via the lymphatic system.

PRODUCT BENEFITS

Non-invasive and pain-free.

Visible results in 15 days after one cooltech® procedure.

The procedure allows the patients to immediately resume their lives.

WE RECOMMEND

Sessions of 70 minutes.

1-3 sessions in the same area every 6-8 weeks.

STUDIES CONDUCTED BY:
