

## HYDRO-DERMABRASION FACIAL SYSTEM

pure  youth

-  deep clean
-  exfoliate
-  extract
-  nourish

Patients can see an immediate difference in the quality of their skin as the surface is exfoliated, pores cleaned, and a cocktail of beneficial active ingredients is infused into the skin.

Aquapure facial is the ideal preparation treatment for other acne treatments, as it removes comedones and leaves the skin optimally receptive to further treatment.
