REDUCE YOUR SIZE

THE SCIENTIFIC SOLUTION FOR SIZE REDUCTION

Scizer is designed to manipulate adipocytes in the subcutaneous layer utilising a non-invasive focused ultrasound scanner. The treatment targets and reduces localised fat and effectively improves the contours of the body.

 **SCIZER**

Scientific Solution For Size Reduction

- Easy-to-use Interface
- Economical Running Costs
- Large Adjustable Spot Size
- Immediate & Continuous Results
- Double Handpiece used Simultaneously
- No Preparation & Low Downtime
