Universal Light System: ALL IN ONE – ALL YOU NEED

THE NEXT GENERATION OF LASER AND LIGHT-BASED PLATFORM TECHNOLOGY OFFERS MULTIPLE APPLICATIONS IN ONE SYSTEM.

ETHEREA-MX[®] condenses all of the knowledge and expertise progressively developed in the laser market for healthcare and wellbeing into a single platform. ETHEREA-MX[®] provides doctors with the utmost reliability, durability and flexibility. Exclusively distributed by Cryomed in Australia and New Zealand, ETHEREA-MX[®] is the ultimate IPL solution for your laser and light-practice. It features five different technologies, offering a wide variety of treatment solutions including acne scars, photorejuvenation, fractional resurfacing, non-ablative fractional rejuvenation, tattoo and pigmented lesion removal, deep and superficial vascular lesion treatment, acne and melasma treatment, skin tightening and hair removal.

'I've been using the Etherea MX for over a year and I have found it particularly effective for skin rejuvenation, treating pigmentation and vascular lesions and poikiloderma'
– Dr Adrian See, NSW Dermatologist from Neapen Dermatology. **AMP**
