WATER CREAM

HYDRA-HYAL

HYDRATING PLUMPING WATER CREAM

The cream adapted to combination to oily skin, incorporating the power of a hyaluronic acid duo to restore a level of hydration throughout the day.

The additional benefit: a mattifying texture.

/ FORMULATION

Plumping hydration

Duo of hyaluronic acids
[cross-linked + low molecular weight].

Rebalancing action

Purifying mastic.

/ TEXTURE & USE

Ultra-light gel-cream, ideal for
combination to oily skin.

Non-comedogenic.

Apply morning and evening
to the face and neck.

50 ml jar.

/ WHO IS IT FOR?

For women and men:

- of all ages, combination to oily skin.
- who wish to intensely hydrate and plump
their skin while preventing skin ageing.
- who are looking for a mattifying texture.

/ BEAUTY TIPS

Use in spring when the sun is shining, in winter,
heating, air conditioning, when travelling by plane
and before applying make-up.

/ SELLING TIPS

Recommend NCEF-ESSENCE, which is applied
to perfectly cleansed skin and will optimise the
penetration of the following products.

Recommend HYDRA-HYAL serum.

/ COMPLEMENTARY PRODUCTS

HYDRA-FILLER MASK / HYDRA-HYAL serum /
NUTRI-FILLER
