FAQ

Am I a Candidate for Ultraformer MPT treatment?

Anyone concerned about laxity, fine lines, wrinkles, and problematic body areas are an ideal candidates.

When can I see the results?

You can see the result immediately after the treatment. As the collagen regeneration process continues your skin continues to improve for up to 6 month after the treatment

How long do the results last?

With good aftercare the benefits of the treatment can last for up to 1 year.

Is there any downtime?

Some patients may experience slight redness on the treated areas and some tenderness.
