FAT FREEZING TECHNOLOGY  
BODY CONTOURING

360°

Complete body contouring  
in record time

The future, innovation and technology are the founding pillars of cocoon medical. For this reason, we have developed a highly innovative and revolutionary device that is capable of performing total body contouring in a short period of time. Cooltech define is an exclusive cryoadipolysis device that allows **four applicators to be used simultaneously**. Its unique fat freezing technology produces superb results, so every patient will want to experience this effective, safe and highly cost-effective treatment.

MASSAGER

To stimulate post-treatment circulation in the area.

4 APPLICATORS WORKING IN UNISON

9 applicators that can be used simultaneously during the same treatment for complete body contouring.
