

AS SEEN IN AESTHETIC MEDICAL PRACTITIONER

# CBL Cryo Broadlight™

Intense Pulsed Light System

## Essential-6 cut off filters

Allows you to use the CBL for almost every application and reduce treatment times compared to other IPLs

## Personalised Presets

A new feature enabling users to save and adjust presets for each patient's skin type and application

## Fast Firing Rate

CBL's rapid repetition rates enable faster treatments to optimise your clinic's profitability

## Adjustable Cooling System

The CBL uses fully adjustable sapphire contact cooling giving you unparalleled safety

## Long Life Handpiece

Certified to last over 100,000 pulses 50% more than most IPLs on the market

"DESIGNED BY DOCTORS,  
USED BY DOCTORS"

*"Our mission is to provide beautiful, supported equipment – each device looks wonderful and works even better. We'll work with you to have your patients feeling and looking fantastic. That's our promise."*
