GLYCOPEEL MASK

SKIN PERFUSION

RESURFACING MASK - 15% GLYCOLIC ACID

GLYCOPEEL MASK

BRIGHTEN UP YOUR SKIN!

Designed to combat dull complexions, fine lines and blemishes, this revolutionary resurfacing mask restores tone & radiance to reveal younger-looking skin. It combines highly concentrated Glycolic acid (15%), which delivers powerful exfoliation, with Phytic acid (2%) for a flawlessly even complexion. A gentle soothing complex also ensures comfort for sensitive skin.

BENEFITS

- / Instant glow
- / Renewed complexion
- / Fine lines reduced
- / Refined skin texture

ACTIVE INGREDIENTS

15% **Glycolic acid:** powerful skin-peeling molecule **HIGHLY CONCENTRATED %**

2% **Phytic acid:** renowned melanin production inhibitor

GLYCOPEEL MASK

CLINICAL RESULTS

VISIBLE IMPROVEMENT IN RADIANCE, SKIN TEXTURE & WRINKLES

- +30% Even glow⁽¹⁾
- 15% Wrinkle depth⁽²⁾
- 90% Even tone⁽³⁾
- 100% Smoother skin⁽³⁾

> Thick clay-based cream - Fragrance-free - 50 mL

(1) Evaluation by dermatological scoring - 20 subjects-results obtained on the entire face after 8 applications over 28 days. (2) Profilometric evaluation - 20 subjects-results obtained on crow's-feet wrinkles after 8 applications over 28 days. (3) Self-assessment - percentage of user satisfaction - 20 volunteers - two applications a week for four weeks.

DUAL USE

AT HOME

For an instant glow

Apply a thick layer to the face. Leave for 5 to 10 minutes. Rinse off with warm water. Use once or twice weekly. 8 applications recommended for optimal results. Use in conjunction with sunscreen.

PRE-PROCEDURE

To prepare the skin before a professional peel

Apply the mask twice a week for a month before a professional skin peel. This will initiate the exfoliation process and enhance results. Use in conjunction with sunscreen.
