

CLATUU™

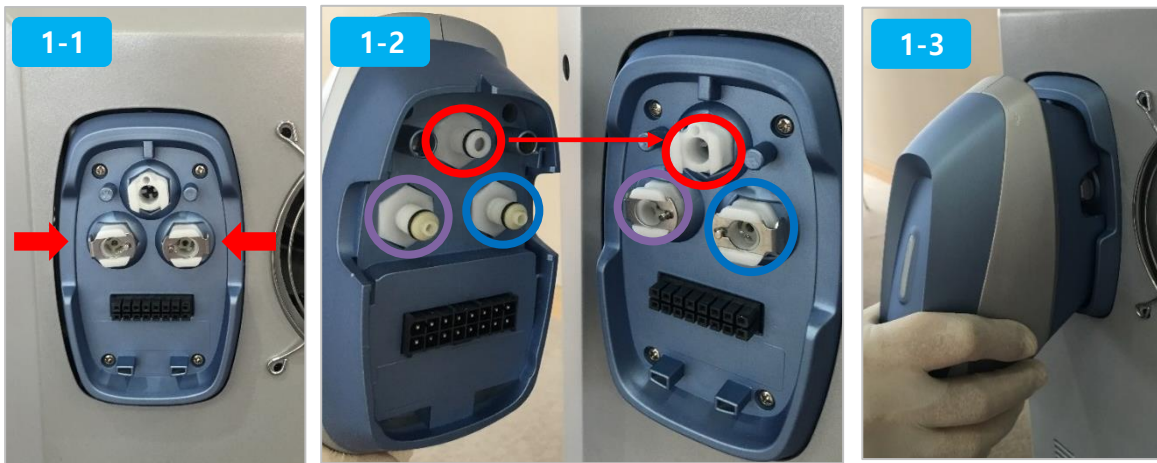

FREEZING FAT AWAY

Installation Guide Ver 1.1

Step 1. Connect the Hand-piece

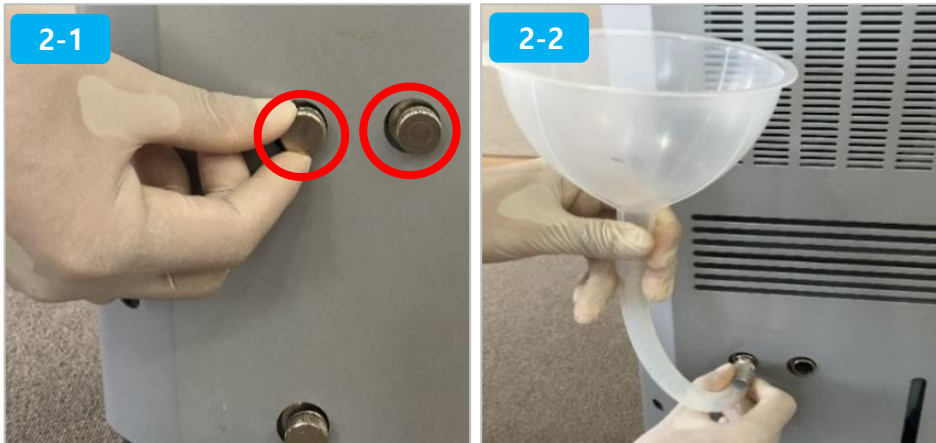

- 1-1. Press the connector buttons to align for proper insertion.
- 1-2. Align and match the connectors.
- 1-3. Connect the Hand-piece on the Main body. If connected correctly, a clicking sound will occur.

Step 2. Inserting water into CLATUU

2-1 Proceed to release both port lids.

2-2 Insert the funnel into the Main body port.

2-3 Pour distilled water through the funnel until the distilled water exits from outlet port.

2-4 Proceed to close both the port lids.

Step 3. Installing the Hand-piece hanger

- 3-1 On the top of the rear of the CLATUU there are two screw holes.
- 3-2 Place the Hanger on the top of the CLATUU and align the screw holes of the hanger to the machine.
- 3-3 Tighten the screws using a screw driver.

Step 4. Hand-piece Holders

- 4-1 Hand the Hand—piece cord up the CLATUU on either side as shown in the image above to avoid tangling and hazards.
